HealthPRO® Heritage and **him**agine solutions offer SNFs a unique service:

The First of Its Kind:
SNF PDPM Coding Service

HEALTHPRO® HERITAGE
Consulting & Therapy Management

himagine
solutions
Largest Coding Firm Nationwide

Accurate, Efficient Coding
For Optimal Reimbursement Under PDPM

HOW IT WORKS

Expert certified coders receive notification of an admission via EMR &/or email

Coders examine available hospital documentation, medication list, physicians' notes, etc. & code directly into SNF's EMR diagnosis list via virtual secured access within 24 hours

SNF enters suggested principal, secondary or co-morbid diagnoses into MDS

himagine maintains monthly list of patients' codes; HealthPRO® Heritage distributes to SNF via monthly invoice

Two services options available: Admissions Only ($25/chart) or Full Coding ($65/chart)

CODING SERVICES OFFER

60% reduced time to code new admissions

Annual SNF savings = $9,500-$13,800
– *based on 50 charts per month & average NAC salary*

~48% improved ICD-10 coding accuracy

Allows nurses to focus 500-600 more hours/year on QMs, case management, clinical interventions, etc.

*"Now that **him**agine is doing our coding, our MDS Director has peace of mind, and Nursing spends more clinical time with residents. It's a win-win!"*
– NHA & HealthPRO® Heritage SNF Client
